

# Speak Out!

Public Speaking and Corporate Presentation  
Strive to be a powerful and authentic speaker!

This intensive two day course covers all the fundamentals of preparing for and delivering a strong, powerful and dynamic presentation. Each participant will engage practically in exercises that work technically on presentation structure, establishing key messages, voice, physical presence, rehearsal strategies and delivering with confidence. The training works with the individual in establishing their personal and authentic style, ensuring a genuine and honest connection with the audience which is the key to any successful presentation.
